President's Message – Eric Rockel

Reviewing Baltimore County's Charter

At our February meeting, we heard Councilman Wade Kach speak out about the Charter Review Commission. Councilman Kach's complaint was that too many of the Review Commission's members were lobbyists-lawyers who regularly represent clients on land use decisions. In fact, four of the ten members of the Commission fit the description of lobbyist according to the councilman.

In my opinion there is nothing wrong with some representation from land use attorneys on the Charter Review Commission, but having four of the ten members involved in land use matters certainly seems like an oversized number. Where was a representative from the League of Women Voters or similar such non-partisan organization? There was only one academic appointed to the commission, but we have a variety of great colleges and universities in this county. And why no members from the civic associations throughout the county?

The Charter Review Commission has already held three internal meetings, and the first of at least three public meetings will be held in Perry Hall on April 5. The Charter is a relatively brief, fifty-two-page document that lays out the general framework for our local government. It sets the broad framework for the legislative and executive branches of government, as well as budgetary and fiscal procedures, general ethics matters and the merit system for employees. Because it is a broad framework for these subjects, the County Code sets forth specific regulations, and the Code is not part of this Review Commission's agenda.

Should the average citizen be concerned about this charter review? Well that is open to debate. For example, the last Charter Review Commission recommended that the County be divided into eleven council districts, but that recommendation failed to be adopted. Would the average citizen want a smaller council district, with the likelihood of more attention paid by the councilperson? You be the judge! At our next GTCC meeting we will talk about a few of these issues concerning the current Charter, and whether some changes need to be instituted. I hope you can attend and give me your thoughts.

GTCC General Meeting – *Wednesday, April 12th, 2017*

The GTCC will hold their 'Next Meeting' on **Wednesday, April 12th, 2017 at the Cockeyville Library Meeting Room,**
with meetings STILL beginning at 7:00 PM.

GTCC

The purpose of the GTCC is to coordinate a united council of Community Associations to enhance and protect the quality of residential life within the community.

NOTICE !!!

CALENDAR 2017

NOTICE !!!

***** Meeting Schedule *****

January - No Meeting	July - No Meeting
February 8, 2017	August - No Meeting
March 8, 2017	September 13, 2017
April 12, 2017	October 11, 2017
May 10, 2017	November 8, 2017
June 14, 2017	December - No Meeting

All Meetings are NOW Scheduled at the "Cockeysville Library" Meeting Room, on the DATES NOTED ABOVE.

Agenda and Speakers - GTCC April 12th, Meeting - Tentative Schedule.....

1. Introductions
2. Report on Public Safety from the Cockeysville Precinct
3. Guest Speaker: "The A,B,C's of Traffic Calming", Mr. Keith Link
Bureau of Traffic Engineering & Transportation Planning
4. Baltimore County Charter Review- Input from members
5. Old Business:
 - a.) Zoning Hearing for Royal Farm Stores Parking
 - b.) Hunt Valley Baptist Church- Board of Appeals ruling and subsequent lawsuit.
6. New Business:
 - a.) Zoning Hearing for 11317 York Road
 - b.) Other
7. Adjourn

Annual 2017 GTCC Membership Dues – Frank Regan

GTCC '2017' Membership dues of \$50 dollars for the year are due at this time. We had a great response from (50+) Associations contributing their Annual Membership dues payment last year! Dues notices for 2017 are being emailed out this month and then by a USPS mailing. We had to rectify our mailing list with so many Associations changing leadership

positions and this took time.....sorry. So if you don't receive one or if you need a copy, please don't hesitate to let us know. .

Please send your 2017 dues payments to GTCC, 9b Ridgely Rd., Box 276, Timonium, Maryland 21093 if you have not done so already. Thanks... to all our contributing Associations for all their dedicated support for the ongoing work of the Greater Timonium Community Counsel!

Membership & Annual Dues Report – Frank Regan

The GTCC has always had a great representation from the many Associations that exist in our geographic area which encompasses about 25 perimeter miles. This area is roughly bound from Dulaney Valley Road & I-695 to Falls Road & I-695, then north on Falls Road to Shawn Road, then east over to York Road, then up Ashland / Papermill Roads to the Loch Raven Reservoir boundary then over to Old Bosley Road and then down Dulaney Valley Road to I-695.

Each year we have been fortunate to increase our participation with a growing number of Community Associations. We are pleased to report that the GTCC now has over 50+ active dues paying Associations within its umbrella that represents over 60,000+ residents within our thriving neighborhoods. Please find a list of participating Community Associations below:

Belmont Forest Condos	Falls Road Comm.	Monterey Imp.	Springlake Comm.
Brooking Court Condos	First Mays Chapel HO	Orchard Hills Comm.	Stapleton Court Garden Condos
Burncourt Condo	Fox. Chapel Comm.	Pine Valley / Valleywood	Stratford Comm.
Chapel Hill	Holly Hall Garden Condos	Pot Spring Comm	Tullamore Condos
Chapel Gate HO 1-2-3	Hunt Meadow Comm.	Ramsgate Comm.	Valley Crest Civic

Foxford	Dulaney Gate	.	

The Librarian's Corner – Darcy Cahill

Usually, we also invite our Cockeysville Library Manager to provide us with an article for our newsletter in the form of 'The Librarian's Corner' on any issue(s) that she feels might be of interest to our membership. The following article this month is from Darcy.

April is **BC Reads** month at BCPL. The theme this year is **"Eat Up,"** celebrating something we all love: FOOD! We have an exciting lineup of programs and author visits throughout the month, including Sarah Lohman discussing her book, "Eight Flavors: The Untold Story of American Cuisine," Ian Purkayastha talking about "Truffle Boy: My Unexpected Journey Through the Exotic Food Underground," vegetable gardening classes from Master Gardeners, and much more. Visit our Information Desk or check out our web site at bcpl.info for more details.

Cockeysville will be hosting BC Reads author Eric Colossal on Thursday, April 27th at 6:30 PM. This is a fun family outing, as he will be talking about his children's graphic novel, "Rutabaga the Adventure Chef." Books will be available for sale and signing.

Other April programs include "Professor Mike's Magic and Science Show" on Saturday, April 22nd at 2 PM, and "What Makes a Bug a Bug?" on Saturday, April 29th at 2 PM

Adults are invited to Canvas Creations, our paint night, on Thursday, April 20th at 7 PM. The Cockeysville Book Club will discuss BC Reads title Sweetbitter by Stephanie Danler on Monday, April 24th at 7 PM.

You may have noticed a new look on our web page, as BCPL rolled out its new brand on April 3rd. We invite you to "Be All In," and enjoy the many materials, services and programs available to you through the Baltimore County Public Library!

This & That – Regular and New Helpful Items – Frank Regan

Balto.Co. Executive Updates - The Office of the County Executive periodically has information to provide to community leaders. A number of community leaders have expressed a desire to receive this information in an email format. If you would like to receive these emails, please register using the following website:

<http://www.baltimorecountymd.gov/Subscribe>

GTCC Trivia – Did You Know?

There is so much history and tradition here in both the *Greater GTCC and the Baltimore County* area that books could easily be written and filled with all the information. However, from time to time we will provide a source for the lighter side of our many Communities.

See if you know the answers to these few trivia factoids:

1. The Beaver Dam Swim Club is located at the site of an important nineteenth century commercial activity. What was it?
2. Name the first three turnpikes in the County.
3. The Baltimore and Ohio Railroad (B&O) founded in 1827 traversed Baltimore County. What was significant about its founding?
4. A castle once stood on the land that became the Loch Raven Reservoir. What was its name?

Please don't hesitate to send any of our Board members a trivia fact and we will try to include them in our next Newsletter. (See Answers Below)

1. The Oregon Iron Furnace established in 1849 by Richard Green. The abandoned iron ore pit on the property is always full of water and provides a supervised swimming hole.
2. In 1804, Frederick, Reisterstown, and York Roads were incorporated as the first successful private turnpikes.
3. The B&O was the nation's first chartered common carrier railroad.
4. Glen Ellen. It was the birthplace and estate of Harry Gilmore, the notorious native son and Confederate raider. It had turrets and high mullioned windows, 18 rooms and one bathroom. It is now in ruins.

The Greater Timonium Community Council

The Next GTCC General Meeting is scheduled for Wednesday, April 12th, 2017 at the Cockeysville Library at 7:00 pm

CURRENT ISSUES

Hunt Valley Center: Greenberg/Gibbons, owners of the town center, have proposed a 332 unit residential development near the site of the former Walmart. In May the owners submitted a variance request to the Department of Environmental Protection and Sustainability related to forest conservation requirements for the site. Additionally the owners announced that they will partner with Avalon Bay, an Arlington, Va. Developer, to build the residential units, which are well underway. (GTCC)

Former Chestnut Ridge Golf Club: The owner of the property, CR Golf, LLC, has requested to construct 8 homes on the site, one less than the maximum allowed under the current zoning. Community Input Meetings were held in October, and the next step will be for the consulting engineer to modify the plans to account for the County's review comments. A development plan hearing has yet to be scheduled. The Falls Road Community Association remains very concerned about this proposal and its impact on the environment. In May, the Administrative Law Judge ruled in favor of the 8 lot subdivision. Additionally, October 2014 the County Board of Appeals ruled that the County Council was within its right to downzone the property so that only 8 dwellings could be constructed. CR Golf, LLC then brought a suit against the County Council over the loss of density compared to the prior zoning. Ultimately, the County Council reversed course and will allow a total of 40 homes on the site in order to settle the suit brought by the owner. Many residents are naturally discouraged by this reversal on the part of the County Council. The owner is currently processing its development plan for Baltimore County approval. (FRCA & GTCC)

Church of the Nativity, Sanctuary Expansion: The expansion would feature a new 1,000 seat sanctuary to be added to the southwest side of the existing building. Architectural plans have been prepared, and construction is underway. (GTCC & adjoining communities)

2223 York Road: A proposal to demolish the existing Blair & Sons building and replace it with a AAA Car Care Center have been submitted to Baltimore County Government. The County's Administrative Law Judge has approved the proposal, and construction has commenced on the new use.

10650 York Road: Bill Kidd proposes to construct a Volvo dealership at this site, the Cockeysville Car Wash. Residents have opposed this development at the County Board of Appeals, and residents have also decried legislation authored by the former councilman that created the possibility of the dealership in the first place. Should this project be given the green light, it would mark the first current car dealership north of Warren Road on York Road. The Circuit Court of Baltimore County ruled in favor of the dealership in early May. This property was rezoned as part of the 2016 CZMP vote.

9805 York Road: The existing structures on this property will be demolished and a new retail building will be constructed. Awaiting an Administrative Law Judge ruling regarding certain variances for the project.

CZMP, 2016: The County Council voted on all requested zoning changes on August 30, 2016. The GTCC website will post the outcome of all requested changes, which are too numerous to be listed in this overview.

Grace Fellowship Church: They propose to construct a 1200 seat sanctuary on an unimproved parcel located on West Seminary Avenue, near Falls Road. A community input meeting is scheduled for September 19 at 7:00 PM at Sheppard Pratt's convention center, 6001 North Charles Street. The CIM demonstrated strong community opposition to the project, and the church has one year in which to provide additional information, including a traffic study, in order to move the project on to a Hearing Officer's Hearing, which would rule on the acceptability of the proposal.

Timonium Fairgrounds: Local developer, Pinkard Properties, has proposed to install artificial turf playing fields on the infield of the race course. These playing fields would be leased to recreation leagues for soccer, football, lacrosse and field hockey activities, including games and practices. Pinkard Properties has not reached a lease agreement with the Maryland State Fairgrounds at this time, but Pinkard is testing the reaction of local communities to this proposal.

Medical Cannabis Facility: Curio Wellness, a company that received one of the State licenses to grow and process medical cannabis, announced that it will locate a growing facility at 5 Aylesbury Road, the site of a former Pall Filtration plant. County zoning regulations allow for such growth and processing facilities to be located on land zoned for light manufacturing, such as this site. In September, several principals of Curio Wellness met with members of the adjacent residential communities. Among the topics discussed at the meeting were security, the operational aspects of the business and the timeline for starting. Expect this facility to be operational towards the end of 2017. At this time Curio Wellness does not plan to include a dispensary that would sell its product to patients, but they indicated that they will evaluate that possibility in the future. Recently, they did receive approval from the State to operate a dispensary. State law allows two dispensaries within each legislative district.

Royal Farm Store, 5 East Timonium Road: The owners of the property at the corner of Hammen Avenue and Timonium Road have requested to create a parking lot to serve the Royal Farm Store. This corner lot is zoned for residential use, but Baltimore County Zoning Regulations allow for commercial parking facilities on a residential lot adjacent to a commercial operation, if approved by a Hearing Officer's Hearing that finds the health, safety and general welfare will not be harmed. The Board of the Yorkshire/Haverford Community Association was initially opposed to this proposal, but the owner of the property has made several accommodations to the community regarding fencing, lighting and landscaping. The hearing took place on March 28, and the ruling has not been issued.

11317 York Road: The owner of the shopping center at the southeast corner of York and Shawan Roads is requesting zoning approval to construct additional parking in a resource conservation zone, as well as building setback variances and other variances concerning the parking lot addition. The hearing will take place on April 10

ON-GOING ISSUES

Texas Station – Jacoby Properties sold property to Peter Angelos. Zoning changed in 2004 Comprehensive Zoning Cycle from ML-IM to BM (Business Major). GTCC continues to monitor this property. (E. Rockel, F. Regan, GTCC Executive Committee.)

Galloway Avenue and Texas Station: Recently the Development Review Committee postponed consideration of a decision to allow two-way traffic at the entrance from Galloway Avenue into Texas Station. Both GTCC and the County Home Park association questioned two-way traffic in light of the original development plan restrictions on the site. Before any change takes place, an assessment of the York Road and Galloway Avenue intersection should take place. (E. Rockel)

The Preserve at FallowFields: This 16+ acre parcel next to the York Manor subdivision, near Margate Road, currently contains two dwellings and a developer proposes fourteen other single family homes in the \$750K to \$1 million range. A community input meeting was held in August, and before the proposal can move forward, a development hearing will need to take place. At that hearing in late June, the Administrative Law Judge approved the development. (GTCC)

Aylesbury Road: A revised development proposal has been presented by a new development team, Fore Development Company, a successor to Solstice Partners.. Bluestone restaurant, however, will remain on the site. The major change from past schematics is the emphasis on mid-rise, high end apartments for the site. The developer proposes a total of 727 units, built in two phases. A basic site plan has been developed, but the developer will need to follow a Planned Unit Development process, which will require further plan details to be submitted. Former County Councilman Todd Huff chose not to allow a vote by the Council that would have allowed the project to move forward in the development process in November 2014. The owners of the property have indicated they want to undergo a Planned Unit Development on the property, but they are uncertain as to the proposed uses and layout for the property at this time. (Northampton, Yorkshire/Haverford and Lutherville Community Assns.)

COMPLETED ISSUES

11311 McCormick Road: The owner has received a variance to construct signage larger than permitted under zoning regulations. In conjunction with the Sparks/Glencoe Association & People's Counsel, GTCC opposed the variance. The County Board of Appeals, in its public deliberation, gave indication that the variance would be denied, but in its written decision, the Board of Appeals upheld the variance. The People's Counsel has asked for a reconsideration of the ruling in light of the public deliberation comments. This case ultimately went to the Circuit Court, where the Judge ruled that the signage variance was not appropriate, and the tenant will have to remove certain signage on the building...(E. Rockel)

10 Aylesbury Road: A special hearing recently granted permission to open a commercial recreational facility in the space formerly occupied by LAX World. The operator informs that this facility will exclusively serve children age 13 & under, accompanied by an adult, for recreational activities and children's parties. Look for the business to open later this summer. (E. Rockel)

Jessup Property – The County Landmarks Preservation Commission has approved placing the Jessup House on the landmarks list. The Baltimore County Council would have to also approve the inclusion. As of August, the developer's attorney indicated his client was reviewing how this would impact the proposal. Regardless of the Landmark's issue, the developer has not submitted a development plan for County review. Longford North was to hold a fundraiser in early November to help pay for its legal expenses. The developer has submitted a revised development plan in December. The Hearing Officer's Hearing was held in April with Longford North, Pine Valley/Valleywood, Huntridge and GTCC offering comments on the plan. A consistent remark from all was that the number of units, 103, needed to be reduced. The hearing officer approved the 103 unit plan. The Longford North Community reached a compromise with the developer and has dropped any plan to appeal the development. Over the Summer of 2011 the developer started the rough grading and utility construction for the subdivision. (E.Rockel, Longford North)

Hampton Manor: This property is located on the east side of Scott Adam Road and is an existing multifamily residential development that will be adding more units. Concept Plan Conference scheduled for 11/6/2006 at 10:00 am in Room 123 County Office Building. Community Input Meeting will be scheduled thereafter. The community input meeting demonstrated several objections to the plan. The most common objection was a proposal to connect Southfork Road with the existing roads in the apartment complex. Residents on Southfork are concerned about additional “cut thru” traffic. A compromise may have been reached at the start of the Hearing Officer’s Hearing. Both sides will examine making the Southfork connection a gated entrance. At the Hearing Officer’s Hearing, Baltimore County agreed to allow Southfork Road to be a gated entrance. (E.Rockel)

302 North Avenue, Lutherville: The property owner was given a side yard variance in order to subdivide this parcel and construct a second house on a newly created second lot. The creation of the second lot will allow the owner to afford to rehabilitate the existing Victorian dwelling on the initial lot. (E. Rockel)

1928 Greenspring Drive: Plans to create a commercial recreational facility within the existing building to host birthday parties, corporate outings and other events. The recreational uses will include laser tag, cosmic miniature golf and other high tech gaming activities. (E. Rockel)

Padonia Swim Club: Grace Fellowship Church announced plans to purchase the 29 + acre site of the swim club. Many nearby residents have expressed concerns that the church plans to build a 2,500 seat sanctuary on the site. GTCC members have voted to disapprove the site for the church’s intended use. In November, the Church announced that it would not build on the site. (GTCC Executive Committee & Community Organizers)

1904 Pot Spring Road: The owner has appealed a prior Zoning Commissioner’s decision, with restrictions, to allow a professional office in the dwelling at this location. The adjoining community associations wish to minimize any nonresidential intrusion into the residential community. The owner ultimately dropped the appeal, and only residents of the property will be able to work in the home office.(E. Rockel, Valley Crest C.A., Dulaney Forest C.A. & Valley Garth CA)

Anderson Automotive: Dealership wishes to reconfigure its site layout by establishing the Honda dealership on the current GMC site and moving the GMC trade to the Hummer site. The site at the corner of York & Halesworth would be sold for another usage. At a Hearing on January 15th, Deputy Zoning Commissioner Thomas Bostwick approved the amendment of the previous PUD plan (E.Rockel, J. Rogers & People’s Counsel)

1734 York Road (Ridgely Plaza Shopping Center): Neighboring businesses report that Mercy Medical will occupy the vacant space previously used by Giant Foods. A zoning hearing was held on March 3, 2011 to allow Mercy Medical to increase the size of the building by approximately 3,000 sq. feet. As of April 30th, this medical facility is opened. (E. Rockel)

Potin Stil Restaurant Zoning Variance Appeal – Zoning Case 02-165-A, 2323 York Rd, Variances to Parking Regulations as to number required, island sizes, aisle space dimensions. Zoning Commissioner granted all variances. GTCC filed an appeal with the Board of Appeals. Appeals Board reversed the Zoning Commissioner's order by a 2-1 vote. Petitioner made request for Judicial Review to Baltimore County Circuit Court. GTCC and Peoples Counsel of BC filed in opposition to request. Circuit Court Judge agreed with the Board of Appeals decision reversing the variances granted. Director of Permits and Development and Code Enforcement has not exercised the Circuit Court's order of July 5, 2005. Request, if granted by the County, for any future meeting to be held, to participate in settlement of this case. Engineer for the owners has requested a refinement to the development plan to correct this violation. Lou Miller attended the DRC meeting, and Baltimore County did not approve the DRC request. The matter is rightfully considered a zoning violation and not a development refinement. Don Rascoe, Deputy Director of Permits & Development Management recently reported that the owner has corrected the parking violations and that the owner has now complied with the Board of Appeals order to correct the problem (E. Rockel, and GTCC Executive Committee)

Timonium Fairgrounds: Assistant General Manager Andy Cashman informed us that a multi-purpose maintenance building will be constructed on the north end of the Fairgrounds in the coming months. This maintenance building is one story, and it backs up to the Turf Inn Office building. Cashman also informed us that they plan to replace the existing “event” sign due to its functional obsolescence.

YorkRidge Shopping Center, York & Ridgely Roads: Owners of the property seek a variance from the parking requirements in order to add a free-standing pad site at the shopping center. The pad site associated with this variance is estimated to be two to three years away from any development. Additionally, long range plans call for re-development of the service station site at the corner of York and Ridgely. The variance hearing on the parking is scheduled for mid November. The owners received the parking variance, but no immediate plans are in store for building the pad site. (E. Rockel)

Hunt Valley Crossing, 11119 McCormick Road: This existing Verizon-owned warehouse property is being proposed to be redeveloped as a 262 unit apartment complex under the Planned Unit Development guidelines. The project’s architectural design attractively fits into the Hunt Valley Business Community landscape. A community input meeting to learn about the project produced no objections to the project from nearby residential communities. However, nearby businesses did raise some objections. In response to

the concerns expressed by nearby manufacturing businesses, Councilman Todd Huff has reached a compromise wherein the developers of the parcel will not proceed with an apartment use for the property. (GTCC Executive Committee)

York Road, Timonium Condo Project: Recently land owner A&A Global Industries notified GTCC that the condo project proposed by Keelty & Company will not proceed. A & A Global is examining other possible uses for the site, none of which at this time would include a high rise residential development. As of February 2012, the owner notified that he is attempting to lease the remaining building for commercial uses, and the first tenant will be a ceramic tile store. The owner reported that a restaurant has signed a lease for the pad site on the property, and construction on that restaurant is on going. (E. Rockel & GTCC Executive Committee)

Michael's Café & Grill: The owners received zoning approval to enlarge the outdoor patio area on the southwest and south sides of the existing building. A stone- clad wall, approximately five foot high, will surround the patio seating area. (E. Rockel & Yorkshire/Haverford C.A.)

Former Sterling Chemical Building, West Timonium Road: This property is now under the control of St. John Properties, who plan to convert the former warehouse into retail shops and a restaurant, consistent with its manufacturing zoning. St. John Properties recently underwent a zoning hearing in which they petitioned to seek relief from the parking requirements and to reduce the side yard setbacks. The Administrative Law Judge has ruled to allow the reductions to parking and the reductions to sideyard setbacks.. (E.Rockel)

Sonic Drive In: The abandoned fast food building at York and Belfast Roads is projected to become a Sonic Drive In. Before the conversion can take place, the owner needs to reapply for the use of commercial parking in a residential zone at the rear of the property. At the zoning hearing required before the redevelopment could move forward, the Administrative Law Judge denied the zoning relief requested by the Sonic operator. A hearing for reconsideration of that denial is scheduled for April 8, 2013. At the reconsideration hearing, the Judge approved the zoning relief after the dumpster and drive thru line were relocated solely on the commercially zoned part of the property. Nearby residents on Belfast Road have appealed of the ruling to the Board of Appeals, but they were unsuccessful. The site has since been rebuilt and the Sonic has experienced early success. (GTCC and Yorkshire/Haverford C.A.)

Verizon Wireless Cell Tower: The Board of Directors of the Dulaney Swim Club have decided not to engage in a lease for a cell tower on East Ridgely Road. All adjacent community associations were against the cell tower at that location. Everyone involved is particularly appreciative of the efforts put forth by Lavina Velasco and Casey O'Brien. (GTCC)

Comprehensive Zoning Map Process, 2012: Go to the GTCC website for a full list of properties requesting to be rezoned. As of the end of the open filing period, there was one more property requesting to be rezoned compared with a similar point in 2008. The County Council vote occurred too late to be included in this newsletter. Check back at the GTCC website to see the outcomes

23 West Aylesbury Road: The owner of the former American Lubrication Equipment building, just south of the Shoprite food store, has requested a special hearing to allow for the property to be used as an indoor trampoline park. This type of use is permitted in the property's current zoning designation, pending approval thru the special hearing. The owner received the special hearing approval.

New PAL Center/Community Center: Baltimore County government, in conjunction with the Baltimore County Public Schools, proposes to construct a new center, containing over 14,000 square feet, on the grounds of the Padonia International Elementary School. The building will contain meeting rooms, a gym/auditorium and other facilities. As a multi-purpose facility, the gym/auditorium will be used by the elementary school as well as the community during non-school hours. Construction has been completed and grand opening ceremonies taken place.

Pot Spring Road, South of Old Bosley Road: This ten acre parcel was originally proposed to contain four, 4-story condominium buildings housing a total of 64 units. The adjacent community objected to this planned unit development, and Councilman Huff refused to move the project forward as a PUD. A new developer submitted plans to build 13 single family dwellings for the site. On May 6, 2013 the Administrative Law Judge approved the single family plan, featuring homes that will cost in the \$600,000 range . (E.Rockel, Dulaney Gate HOA, Springlake HOA, Timberline Park HOA)

WaWa Convenience Store, York Road at Halesworth: This site, formerly part of the Anderson Automotive PUD, was the subject of a hearing to amend the previously approved planned unit development. The Monterey Community Association and GTCC supported this amendment, however, several other nearby owners opposed the plan. The hearing has been continued to provide for more testimony. The Administrative Law Judge approved this use for a convenience store, but opponents have taken this case to the Board of Appeals. The Board of Appeals has ruled in favor of the plan, and the appellants have taken the case to the Court of Special Appeals. The Court of Special Appeals has ruled in favor of Anderson Automotive, which allowed the project to move forward . It is currently operational (GTCC and Monterey C.A.)

2312 York Road, Enterprise Rental Used Cars: The existing used car lot will be converted to a used car lot run by Enterprise car rentals. The layout of the site will generally stay the same, but a new building and new signage will be constructed.

Timonium Fairgrounds: Both the GTCC and adjoining neighborhood associations hope that the next Councilman will rectify the rezoning error in which 60 acres of this property were zoned for commercial usage during the Comprehensive Rezoning Process of

2008. During the open filing period for the 2012 CZMP, the GTCC requested that these 60 acres be returned to the prior zoning, MR-IM. Councilman Huff submitted legislation that creates a Mercantile Overlay District that will limit video gaming at the Fairgrounds, but he does not plan to change the zoning as requested by the GTCC.

Spencer's Crossing, West Timonium Road: This housing development, just west of the I-83 interchange, had originally been proposed to be a large day care center. Through negotiations with the developer and an offer to support increased housing density on the site, a residential housing development became approved in lieu of the day care facility. One unit was completed, as well as a model home, and several units are partially completed. Recently, it was learned that the property has gone up for foreclosure, and a public auction took place on March 9. The lender failed to sell the property at auction. As of October, 2012, the developer plans to add a noise wall to mitigate the sounds of I-83. (E. Rockel and PVVW Community Assoc.)

Dulaney Valley Memorial Gardens: Plans have been presented to build a pet crematorium, which is an accessory to the existing pet cemetery. An Administrative Law Judge approved this accessory use, and the owners can move forward. (Springlake C.A.)

Timonium Fairgrounds: In conjunction with the Maryland Jockey Club, the Fairgrounds has started satellite simulcasting in the Grandstand on the property. GTCC has entered into agreements with the Jockey Club and Fairgrounds concerning future activities on the property. The agreement with the Fairgrounds prohibits it from pursuing a casino operation on the site in the future. The agreement with the Jockey Club places restrictions on the hours of operation, the future expansion of the OTB facility, the pursuit of a casino operation and other matters. (GTCC & Stratford C.A.)

Giant Food Store: Previously the Giant Food Store, across from the Fairgrounds, had proposed to add gasoline service as part of their operation, but an actual development plan had not been submitted. A recent conversation with a representative from Giant Foods indicates the company will not move forward with the gasoline service plan. Recently, an attorney for the shopping center indicated that a new pad site would be developed near the entrance at York Road, in the parking lot area. A Starbucks is one of the projected tenants for this pad site.
